PRODUCT CATALOGUE

6-CORNER BASE MODELS

The models shown are base models. Each model can be made of solid *lime, poplar, oak, ash, fir* wood, in various finishes, colours and sizes, and on request we can also make other models, with custom milling and embossing to your preferences.

Each product is crafted with care, highlighting the natural texture and the particular character of each type of wood. Shades and final appearance may vary slightly, precisely because of the unique character of the natural material.
